Vorwort

Die vorliegende Übersetzung der Regensburger Verbundklassifikation zur Wirtschaft beruht auf der aktuellen Version vom Dezember 2012 (Quelle: Website UB Regensburg).

Die Übersetzung beschränkt sich auf die Bezeichnungen der Systemstellen (im Regensburger Original fett gedruckt) und lässt die zahlreichen Assoziationsverweisungen unberücksichtigt. Unsere „Regensburg Library Network Classification Business & Economics“ fällt daher weit schlanker aus als das deutsche Original.

Bei der Übersetzung haben wir uns weitestgehend an die deutschen Bezeichnungen gehalten, auch wenn nach unserer Meinung der Inhalt der betreffenden Systemstelle hätte besser ausgedrückt werden können. Ebenso haben wir die formalen Inkonsequenzen bei den Bezeichnungen, z. B. das Nebeneinander von Singular- und Pluralformen oder die unsystematische Interpunktion, übernommen.

Jeder Übersetzer zieht einschlägige Wörterbücher zu Rate. So geschehen auch im Rahmen dieser Übersetzung. Es ist nicht üblich, die verwendeten Print- und Internet-Quellen aufzuzählen. Auch wir wollen damit unser Vorwort nicht unnötig aufblähen. Wir legen jedoch Wert auf die Feststellung, dass wir völlig unabhängig von der Übersetzung der Universität Bozen gearbeitet haben. Deutliche Unterschiede sind unübersehbar und bestätigen unsere Aussage.

Die Übersetzung trägt der Internationalität der Bibliotheksbestände und der Bibliotheksbenutzer in den Universitäten Rechnung. Ausländischen Studenten, die keine oder geringe Deutsch- aber ausreichende Englischkenntnisse haben, erleichtert sie den Zugang zur systematisch geordneten wirtschaftswissenschaftlichen Literatur.

Gerne können Interessenten unsere Übersetzung alternativ oder auch zusätzlich zur PDF-Datei im Print erhalten.

Über eine interessierte Aufnahme und Verbreitung unserer Übersetzung der Klassifikation Wirtschaftswissenschaften würden wir uns freuen. Für Benachrichtigung bei fehlerhaften Stellen, Anmerkungen und Verbesserungsvorschläge (lorenzfichtel@web.de) wären wir dankbar.
